Summary

Frontend Developer with a passion for innovation and creation.

I specialize in the MERN stack, REST API development, and core web technologies including JavaScript (ES6), React, Node.js, MongoDB, Express, HTML, and CSS. I excel in crafting dynamic and intuitive web applications that prioritize user experience.

With over a decade of experience in Graphic and Editorial Design, I bring a unique blend of artistic flair and technical expertise to my development projects. My diverse background, which includes time as a chef, has honed my skills in adaptability and attention to detail. This unique combination allows me to approach development challenges with a fresh perspective and an unwavering commitment to excellence.
